La Muneca Cattle Breed Top Animals

La Muneca need no introduction breeding top simbrah, polled Brahman and simbravieh cattle for many years. They also hosted the highly successful MAS sales where we were fortunate enough to attend and procure the LMC Patriot bull

that has done so well in SA. Breeders will know of LMC Full House, that has done so well for the Quattro group, LMC Red Bullet that has sired top calves at Fanie Mare and is the sire of LMC Patriot who in turn sired Excelsus El Guerra,

El Pancho and Excelsus El Jay. Herewith some of the latest from this fantastic stud and fantastic people. Please visit their web site at www.lamunecacattle.com

Rains come late for Excelsus and North Eastern Free State

There is nothing worse for a beef farmer than a drought of any kind and it is with relief that we can report a change in weather with 8mm and the 17 mm falling

on the 21 and 22 November. It would seem that summer only starts here in November and your Winter Fodder Flow needs to last until then.

Texas is also in the grip of a long protracted drought and all our thoughts and payers go out to them.
