RPO Field Day 12 August 2009

Excelsus Genetics are proud to host the RPO/ Molatec open day on the 12 August 2009. Excelsus are active supporters of this excellent organization that is the official marketer and Red Meat Watch Dog. Andre Ferreira, our dynamic and effective RPO Free State Chairman will lead the day with Johan Mouton of Molatec giving his view on licks and their effectiveness. Fafa Malan will speak on Ticks and parasites and we will end with Ian Currin discussing the selecting of bulls. Registration at 8h00 for 9h00. Contact Graeme 0828938147

The Event 2 "Guns and Roses" Sale 20 August 09

Tabitha, Dam Supreme!!

Tabitha (P)

Marliegh Tabitha, one of our foundation dams, breeding top animals year after year and is a breeders dream. Last years SA record price Simbra Bull Zorro was a succesfull combination

between Tabitha and Enos. This years bull crop features Excelsus Zin Zan (SC), Tabitha crossed with the Excelsus 2007 Breeding Bull of the year Langman F4. Zorro, not to be out

done bred Zidaan (SC) from a Tingeling granddaughter. We have used Zidaan heavily in the 2009 breeding program and would gladly keep and reuse him for years to come.

Zin Zan (SC)

Zorro (P)

Zidaan (SC)

Zorro's Successor and Maternal Half Brother sell!!!

PRR Papa and PRR Scout Semen Sells!!

Another cracker from Pine Ridge Ranching bred from the Red Bullet flush sibling Red Ammo. Johan de Jager and I saw these calves just born at Pine Ridge and immediately saw their potential. Here then the first Red Ammo son Papa, bred from the super show cow Pricilla from the High Hopes donor cow. High Hopes is also the dam to our other import PRR Perfection. Limited semen is available and will be here for the 2009 spring breeding season. [Dont miss this opportunity!!](#)

PRR Scout sells with thirty straws of top quality semen at the Event 2009. Scout is a new outcross from Pine Ridge showing tremendous muscling and masculinity. Bred from SCC Beef Maker and the donor cow Good Scout, this bull is safe on calving and is the perfect bull to kick start your new genetic lines. Scout has been closed to the South African Stud so far and now we have released these straws to the open market. [Dont miss this opportunity!!](#)

Galen. Fifty straws on Offer from a Truly Top Herd Sire.

Excelsus has always held the view that good genetics should not be kept exclusively and that we would like our clients to have access to the best that we can produce. Galen is the most happening bull at Excelsus at the moment and true to our policies herewith fifty high quality straws for your genetic program. Galen is the Standerton Breed Champion and has been used intensively in our breeding programs. He is safe on heifers and is a perfect Simbra type.

Excelsus Guns. Loaded and Ready for Action!!

Lot 24

Four Feet Naas MPB05127C

Our policy of using top young bulls for two seasons means that Naas is this years proven stud on offer. F3, dark Red, safe on heifers, structurally correct. And breeding super calves. Naas is a game breaker for any stud

Your Gateway to
International Genetics

It has been a while since we beef farmers realized the best investment is in the Cattle Industry. Cattle are safer than the stock exchange and with good farming practices can multiply rapidly. Cattle are liquid assets and in the hands of a cattle man they can turn good money into better money. Villion Simbra's purchased these three fine animals at our previous production sales, Chimba Lot25 shown here as a calf with his dam who was a three in one sale lot and the top Stud Sire Terah. Terah sells as Lot 10 with his sons on this years event. Excelsus Chimba, Excelsus Gamma and Excelsus Terah are three of the star attractions on this years sale with Gamma and Chimba's dams still producing top calves for Dries Viljoen.
